- 10/100/1000 LAN, Wi-Fi

To install Test Wizard Creator in your computer

- 1 Insert the CD-ROM that came with your CellAdvisor JD720C series into your computer.
- 2 Navigate to the installation file named "TestWizardCreator_setup_1_0.exe".
- 3 Double-click the installation file and follow the instructions on the screen.

To install a license in your instrument

- 1 Check the firmware version of your JD720C series if it is 1.060.023 or after. If yes, go to step 3. If not, go to step 2.
- 2 To install the compatible firmware, download the firmware file at the following URL and upgrade the firmware as instructed in the firmware release notes included in the firmware file:
<http://www.viavisolutions.com/en/services-and-support/support/software-downloads-and-updates#Group-C>

- 3 In your instrument, go to **Mode > System > Instrument Settings**.
- 4 Tap the **Installable Options** button for **License**.
- 5 Enter a license number you have received at your purchase of the option.
- 6 Tap the **Apply** button.

Fixed Problems

- None

Known Issues

- None
